

"The All-Party Parliamentary Chronic Pain Group is a cross-party group of MPs and Peers with an interest in chronic pain and its associated conditions. The aim of the group is to raise awareness of how those with chronic pain are treated and to work for earlier and better care.

7.8 million people now live with chronic pain and the numbers are rising but patients often struggle to get the support to help them manage their pain. The Group aims to raise awareness of the condition amongst parliamentarians, to influence legislation and policy makers in order to improve the lives of people affected"
